

Overview

If you're a reseller or consultant in the IT field, you may join Bravo Technology Center as a partner, associate or affiliate. With your membership, you gain access to a wide world of benefits as outlined below. If you're a new consultant with limited clientele, or a seasoned professional with minimal occasional needs for outside assistance, you may work with us on a subcontract basis.

We offer superior expertise to jump-start your operations in the following areas:

- Mac-UNIX-Windows Cross-Platform Projects
- Headquarters-Branch Offices WAN Scenarios
- Linux, FreeBSD and Open Source Strategies
- Domain Registration & Management
- Advanced Web Hosting and Portals
- Workstation Platform Trends & Standards
- Workgroup Servers, NAS & RAID issues
- Purpose-Built Custom Embedded Appliances
- Network Designs, Validation & Deployment
- Network Troubleshooting
- Wireless Security Lock-down
- Mobile Computing & Synchronization Issues
- VPN Concepts, Strategies and Deployment
- Computer Forensics and Network Security
- Disaster Planning & Recovery
- Telephony: VoiceMail/PBX/FAX/CTI/VoIP
- Software Development out-sourcing
- Hardware ODM/OEM arena

In short, we enable you to focus on your core competency and minimize your frustrations, by supplying you with the vision, perspectives, information and skills needed to achieve your goals. Chances are, you already had many of those tear-out-your-hair and near-tears experience. Life is short! Technology is complicated! Timing is of essence.

Tap into the "Been There, Done That!" Bravo elite team with 23 years of experience instantly.
